A month ago I wrote about the Shieldmaiden, Eva Vlaardingerbroek, a young female Dutch lawyer, who has undertaken the task of encouraging white Europeans to take a stand against the replacement of countries consisting of ethnic nationalities, such as Germans, English, French, Italians, Dutch, Spanish, Hungarians, with towers of babel. In our world today, as in George Orwell's novel 1984, words are turned up to have the opposite of their meaning. Diversity now means "sameness" as population corresponding to the ethnicity of its name. Destroying the diversity afforded

by white ethnic nations is the goal of the EU tyrants and “President” Biden who recently stated, as Tucker Carlson reported, that getting rid of white America was a good thing. See [this](#).

I predicted that the young white woman’s own Dutch government will close her down in some horrific way for “racist” agitation for the continuing existence of an ethnically Dutch nation. It is OK for the Dutch to defend themselves against Russia but not against immigrant-invaders.

It is certain to happen as the Dutch government has already moved against another young blond female Dutch lawyer, Raisa Blommestijn.

Raisa is being prosecuted for “racism” and “inciting hatred” for commenting on a video posted on social media showing a gang of immigrant-invaders brutally beating a young white boy: “How many defenseless white people remain to become victims? Countless probably: the open borders elite is importing these people in droves, with all the consequences that entails.”

Raisa complains that Dutch citizens are being “persecuted for their political opinions,” but what is actually happening is worse. **Raisa is being prosecuted for calling public attention to a fact. Raisa was supposed to ignore the fact, because the fact reflects poorly on the open borders policy, and anything that reflects poorly on open borders is racist. In other words, we must deny reality or be prosecuted.** See [this](#).

Criminalizing the recognition of reality is being achieved throughout Europe and the UK. A member of the German Parliament, Marie-Therese Kaiser, was convicted and fined by a German court for asking a question prompted by the governments own statistics that show that Afghan and African immigrant-invaders in Germany commit 40 and 70 times more gang rapes than ethnic Germans.

The utterly moronic Judge proclaimed: “Freedom of expression ends where human dignity begins.” See [this](#).

In other words, the German judge reasons that it is the dignity of the immigrant-invader rapists that matters, not that of the raped ethnic European women.

The German government, which most certainly does not represent ethnic Germans, is countering Eva Vlaardingerbroek, Raisa Blommestein, and Marie-Therese Kaiser with a plan to “protect democracy” by seizing the bank assets of German citizens who donate money in support of politicians who think Europe is for ethnic Europeans. See [this](#).

So what we have is anti-white, brainwashed, indoctrinated European governments organizing the replacement of European ethnicities in their own ethnic countries and the transformation of the countries into towers of babel.

In the United States the destruction of white people is proceeding along a slightly different line. Over the decades the American ruling elites, which excludes “the people,” have solidified their control by establishing groups of intellectuals, media, celebrities, and government officials in organizations such as the Council on Foreign Relations, the Aspen Institute, the World Economic Forum, and there are many others, that have laid down the correct line, departure from which is minimal if a person intends to remain in the “formulation of public opinion.” Dissenters from official narratives are simply excluded from recognition.

The Aspen Institute, funded by several US federal agencies to serve Washington’s agendas, has created a “Commission on Information Disorder.” See [this](#).

“information disorder” is caused by truth-tellers, so the solution to the problem is to suppress truth-tellers. Garry Kasparov, the noted and celebrated Soviet dissident, who abhors Trump and Putin, resigned from the Aspen Institute’s “Commission on Information Disorder” because it reminded him of the Soviet Union’s efforts to mind control the Soviet population,

Internal memos of the Aspen Institute say they must keep Kasparov’s resignation secret as otherwise it could hurt the credibility of the Aspen Institute’s ability to indoctrinate the American people.

Think about the members of the Aspen Institute. They are rich, mindless. They consider themselves important and are proud of their recognition as such by being members of the Aspen Institute. They welcome the high level approval associated with contributing to the official agendas. They are convinced that “white supremacy” in

America can only be overcome by reducing the white population to a closely regulated in thought and deed minority.

In other words, the Aspen Institute and the rest of the elite organizations are a thousand-fold worst enemy of the American people than Russia, China, and Iran combined.

Perhaps this is dawning on the insouciant American population, a population long protected from reality by myths of its pureness and goodness and the home of the free. Military families themselves have turned on the anti-white US military and discourage their sons from signing up. Consequently, the services cannot meet their recruitment goals. After all, what white person would be motivated to serve the Biden regime's anti-white view of America?

As white American citizens begin to comprehend that they are regarded as America's enemy, US politicians are advocating signing up the immigrant-invaders who have violated our borders into the US military. In America as in Rome where Roman reliance on Germans as troops resulted in German rule, America will be ruled by immigrant-invaders. It is only a matter of time.

As an historical entity, the United States of America is far past her prime. With the Democrats' open border policy and Democrat agitation for giving the vote to immigrant-invaders, it is difficult to say whether even the concept of the US as a nation any longer exists. How is a land without borders a country?

How is it that a country such as the USA whose President, legislature, and judiciary refuse to protect America's borders has a government that lacks commitment to its own survival, but although totally uncommitted to the survival of its own country is committed to the survival of Ukraine and Israel?

Clearly, throughout the Western world democracy is a total failure. It is impossible for "representative government" to represent the ethnic citizens of the countries. In effect, the Western peoples are being erased, not only their voice, but their physical presence on earth.
